Our Store And Your Store

Our store so far as the name over the door is concerned; your store in respect to the merchandise inside.

This is more than ever before a store for mothers and boys. XTRAGOOD clothes make it so. And XTRAGOOD clothes are like your boy,—they "grow" every year.

It doesn't matter how hard the boy plays or works. XTRAGOOD clothes give him better service, longer wear and greater durability than the ordinary makes.

A boy's suit is no longer right without style. XTRAGOOD clothes for boys have the same splendid style that is nowadays put into the swagger Young Men's clothes. Your boy looks good to you—and others.

And back of it all is the best tailoring and materials to be had at any price. We want you to come and see for yourself. You'll understand better why we call this your store.

BIG COMPANY IS BIDDER FOR DREDGING

(Continued from Page 1)

trance channel, 48 1/2 cents a yard; north harbor, 77 cents a yard.

Morgan Dredging Company—Entrance channel and north harbor, \$1 a yard each. Bid on both sections together.

The Lord-Young Engineering Company thus was the low bidder on the entrance channel, and the Hawaiian Dredging Company on the north harbor work. But as the Lord-Young company's bid was for all or none, it will probably be rejected, says Major Winslow, and the two lowest single bids will be accepted. This means that the Standard-American Dredging Company will get the entrance channel work, as next lowest bidder to Lord-Young, and the Hawaiian Dredging Company will get the north harbor work.

Much Dirt Can Be Moved.

About \$35,000 is available for the entrance channel dredging, which, at the price bid by the Standard-American, will allow the dredging of a little more than 100,000 yards. Walter F. Dillingham, representing the Hawaiian Dredging Company, stated that this company can move about 170,000 yards in the north harbor job at the figure submitted in his bid.

M. A. H. Connor, a director of the Standard-American company, arrived on the Wilhelmina yesterday from the Coast and represented his company at the meeting this morning. In his bid, he gave as part of his equipment ready for the work two dredgers—the Turbine and the South Bay. The Turbine is now being built here, and was supposed to be built for the Hawaiian Dredging Company, which has the Pearl Harbor contract. The South Bay is now working at Pearl Harbor for the Hawaiian Dredging Company, and these facts gave rise to a crop of rumors that the Hawaiian Dredging Company had effected a consolidation of interests for the Hawaiian work. This, however, is denied by Mr. Connor, who stated to the Bulletin this morning that no such arrangement has been made. He says that the Hawaiian Dredging Company has hired the big dredgers from the Standard-American to do the Pearl Harbor work. The bids will be sent to Washington at once for official approval and decision.

In order not to embarrass his political campaign for Senator, A. F. Judd has resigned from the Republican Territorial central committee.
